

SPX

SUMMER READING PROGRAM

We feel that summer reading can be both beneficial and enjoyable for our students. With that in mind, your teachers have developed a Suggested Summer Reading list. Included in the lists are books of interest for the grade your child is entering in the fall. Many of the selections are from series, so if your child finds a book they like, there will be several more in the series that they can read!

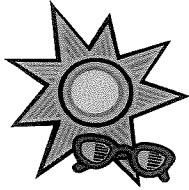

Students are encouraged to read 3 or more books from the list this summer. Parents will then sign the form on the back of this paper verifying that the books were read during summer 2019 (books do not count if they have already been read). For those students who bring a "signed" form to school the first week with at least 3 books completed, an ice cream party will be awarded. No book reports are required or class work given. This is totally voluntary.

Your child's list is attached to this letter. Copies of each grades' list can be found on the school website at www.spxdallasschool.org. Go to the "Summer Assignments" link at the top of the page!

For those students entering 3rd grade, several Texas Bluebonnet nominee books are included. Students in 3rd-6th grade are eligible to participate in this program!

Enjoy your summer!

Second Grade
St. Pius X
Suggested Summer Reading
