

Dear Parents and Kindergarteners,

Congratulations on finishing Kindergarten! I hope you had a great school year. You worked hard this year and learned a lot. I don't want you to forget what you learned so I have summer practice packets to keep you sharp. Please read 20 minutes every day and keep track on your monthly reading log (the second page in your monthly packet). Bring your completed reading logs and practice packets back on the first day of 1st grade and you will get a prize out of my treasure chest. Also, keep using IXL over the summer to avoid the dreaded "summer slide." I look forward to seeing you next year. Have a great summer!

Your teacher,

Ms. Simms

Recommended skills to practice:
