

Dear Upcoming 3rd Grade Parents:

To prepare your child for 3rd grade math, they will need to complete a math assignment that will be due on the first day of school. Your child should already have a login for IXL.

Listed on the back are the lessons I would like your child to do over the summer. All we need you to do is sign as they complete each lesson up to 90%. They will receive a 100% as their first math test grade of the first quarter for completing this project. All students are expected to know their addition and subtraction facts up to 50 – please continue to work with your child over the summer so that these facts are memorized by the time they return to school – use flashcards, oral quizzes, free apps, etc.

Please do not do any assignments for 3rd grade. They will do some homework and classwork from this website throughout the year. All summer assignments are in the 2nd grade lessons.

If you have any questions, please email me. I will periodically check my email during the summer.

Sincerely,

Misha Ruby

Mruby@spxdallas.org

Directions for IXL

1. Go to <https://www.ixl.com/signin/rcdd> and login
2. Choose 2nd grade math
3. Complete the following lessons.
4. Mark the date you practiced, the score you received, and a parent signature to receive credit.
5. Enjoy!

*If your child is new to SPX, he/she will sign in as a guest and will be able to do a limited amount of problems daily. Please notate their scores as well.

2nd Grade IXL skills to complete				Name:
