## SUMMER READING PROGRAM

We feel that summer reading can be both beneficial and enjoyable for our students. With that in mind, your teachers have developed a Suggested Summer Reading list. Included in the lists are books of interest for the grade your child is entering in the fall. Many of the selections are from series, so if your child finds a book they like, there will be several more in the series that they can read!

Students are encouraged to read 3 or more books from the list this summer. Parents will then sign the form on the back of this paper verifying that the books were read during summer 2020 (books do not count if they have already been read). For those students who bring a "signed" form to school the first week with at least 3 books completed, an ice cream party will be awarded. No book reports are required or class work given. This is totally voluntary.

Your child's list is attached to this letter. Copies of each grades' list can be found on the school website at [www.spxdallaschool.org](http://www.spxdallaschool.org). Go to the "Summer" Assignment Folder at the top of the Home page follow the links!

For those students entering 3<sup>rd</sup> grade, several Texas Bluebonnet nominee books are included. Students in 3<sup>rd</sup>-6<sup>th</sup> grade are eligible to participate in this program!

Enjoy your summer!

Misha Ruby
